— EPISODE TERRAIN —

GREAT SOUND FOR THE GREAT OUTDOORS

The Episode® Terrain Series delivers exceptional sound to any outdoor space. This all-in-one-package features four 4" satellite speakers and one 8" burial or hardscape subwoofer to provide a full frequency outdoor audio experience.

episodespeakers.com

Discreet, Low-Profile Design

The satellite speakers easily mount in the ground, on a tree, or under a trellis. The compact burial sub installs underground, and the hardscape sub securely mounts to most surfaces. So, whatever your outdoor layout, the Terrain Series blends right in.

Broad Coverage

The 4.1 Terrain Series expands to include up to eight speakers and two subs – providing power, precision, and the perfect punch. From small backyards to large outdoor patios, this all-in-one solution has your outdoor area covered.

Built to Withstand the Weather

Designed with heavy-duty components and robust exteriors, the Terrain Series is tough enough to deliver stellar sound year-round. It's been tested in extreme temperatures and is completely weatherproof, so turn up the volume whenever you want!
